**cannon
door**

At Cannon Door, we're dedicated to providing exceptional composite door solutions, meticulously crafted to exceed expectations and elevate the standards of your space. Nestled within the vibrant landscape of North West England, our commitment to excellence in both product and service is the cornerstone of our ethos.

Experience the perfect fusion of form and function with Cannon Door. Elevate your space with our unrivalled composite door solutions, and discover why we're setting new standards in the industry, one door at a time.

A Proven Pedigree

We build value into building products and raise the bar on quality and performance.

Wide Selection of Door Styles

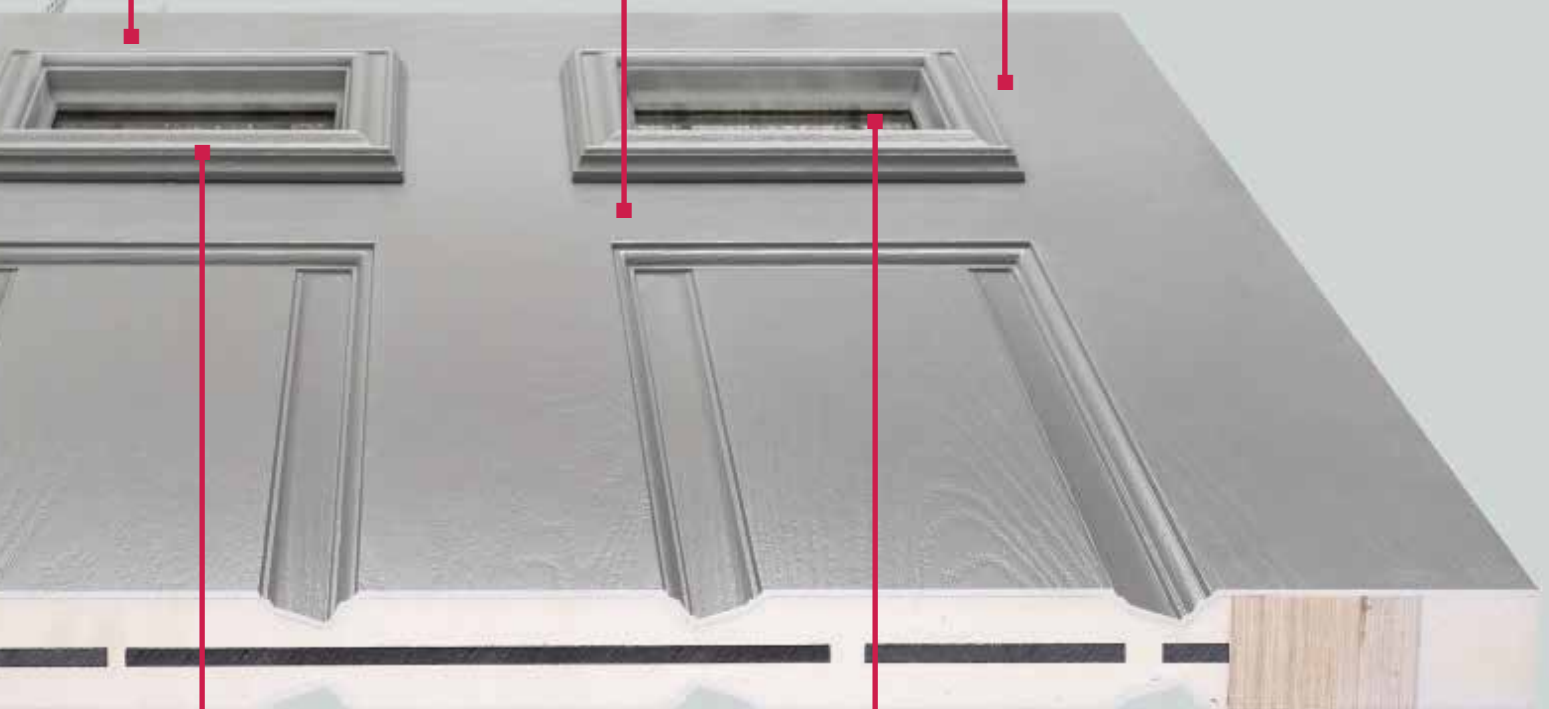

We have developed a range of traditional and contemporary door styles that will suit all tastes, house styles and budgets. Many of these styles are unique to us and include both glazed and unglazed options.

2 Finishes

Available in either a woodgrain or smooth finish, the 2mm thick GRP door skin is maintenance free and hard wearing. GRP is resistant to knocks and dents and looks like real wood.

Infinite Choice of Colours

Coated using a hard-wearing Polyurethane paint system similar to that used in the yacht industry, our doors are all available in a wide range of pre-finished colour options as well as our TrueGrain wood effect. All doors finished using our proprietary paint system come with a 10 year warranty against fade, loss of gloss and adhesion. (See page 4).

3 Glazing Frames

All glazed options are fitted using industry leading PAS 24 Compliant glazing cassettes from Cannon Door. Many of our doors now come as standard with the new, contemporary, low profile TriSYS® Modern or Spotlight® options. For our more traditional door styles, we use the industry leading sculptured TriSYS® system (see page 54).

Extensive Range of Decorative Glass

Our doors come with the a wide variety of unique decorative glass options that have been carefully designed to work with the various door styles. Whether it is traditional, contemporary or minimalist, we have options to cover all tastes and design styles.

Door Styles & Colours

With a vast selection of styles, an infinite choice of colours to choose from and even more online, our range of Contemporary and Traditional door designs feature smooth or woodgrain finishes. Coupled with our TriSYS®, TriSYS® Modern, Spotlights® or Craftsman glazing frames, you are sure to find the perfect match to your home.

Custom Etch Letters and Numbers

The Cannon Door range of Custom Etch Letters and Numbers is available in a range of 4 standard styles (and 5 typefaces) ranging from traditional to contemporary and make a striking statement whether used in the door glass itself or in the sidelights/toplights.

We offer standard sizes for many of our most popular door configurations and also offer a custom size service for use in Toplights, Sidelights and for other door glass sizes.

Our range of styles have clear numbers on a sandblasted background, but negative versions with sandblasted characters on a clear background are also available.

All our custom etch designs are produced using sandblast techniques and with our computer designed 'resist' cutter, we can ensure perfectly created letters and numbers every time.

Once the design is created, it is then incorporated within a high performance insulated glass unit using warm edge spacer and low E glass. For sidelights and areas where extra security may be required, we also offer the range in our Security+ laminated glass units.

Solid Fortress Two Fortress Four Blast Battery The Artillery Full Glazed Mid Glazed

Technical Specifications

Cannon Door Products

Manufactured using grained and smooth impact-resistant GRP SMC skins and available in a wide variety of styles and colours including wood stains. Stiles and Rails are manufactured from a water-resistant pure PVC polymer and reinforced using LVL (laminated veneered lumber) timbers with a minimum density of 570 kg/m³.

The SMC skins and sub frame door assembly are fully bonded using a Urethane Adhesive Resin.

The door is filled with CFC-Free Polyurethane foam, a superb insulation material which vastly reduces the transfer of heat through the door. With a density 44.5 - 45.5 kg/m³ this provides insulation that as part of a doorset assembly achieve a U value as low as 0.8W/m²k

Security

The door slab along with the glazing system are major components of any doorset. The Capstone slab using the SecureDesign board reinforcing and coupled with the Cannon Door glazing cassette systems is a proven combination for achieving a security level to PAS24:2016 the industries enhanced security standard which is a requirement to achieve certification for Secured by Design the police initiative to protect against unlawful entry of a property and Document Q of the Building Regulations.

Door slabs offered by Cannon Door are manufactured as part of the BM Trada Q-Mark scheme for quality, allowing us to have full traceability for all factory processes.

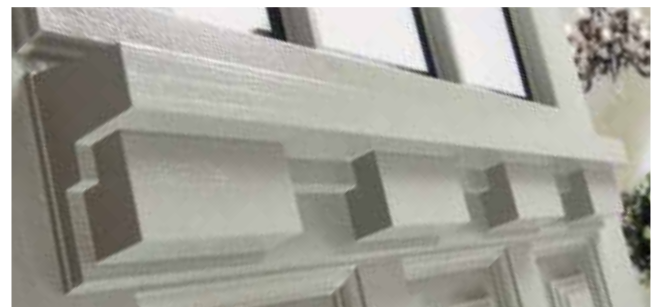

Glazing and Ancillary Options

Frames: Glazing cassettes used to frame our glass are available in four options (door design dependent) and are fully de-glazeable should there be need to change the glass design.

Dentil Shelf (Trafalgar Square): Architecturally-correct to enhance the look of the Craftsman style door.

Manufactured from GRP SMC in a wood grain finish to complement the Craftsman door. Screw-fixed into the SecureDesign board and supplied with matching screw hole covers.

Glass

All the double and triple glazed units used in our doors are manufactured to the highest standard and come with recognised accreditations for performance, strength and thermal efficiency.

All units are made with toughened glass which is up to 5 times stronger than ordinary annealed glass and complies with EN12150, the International standard for safety glass.

For an enhanced security option, glazing options can be supplied with an upgrade where the outer pane of toughened glass is replaced with 6.8mm laminated glass comprising of two sheets of annealed glass bonded together with a vinyl plastic interlayer which eliminates any attempt to break through when under attack.

All sealed units are manufactured to the BS EN1279, a standard which guarantees the quality of components and most importantly the seal, which comes with a manufacturer's 10-year warranty.

	Maximum Width	Minimum Width	Maximum Height	Minimum Height
All door designs with the exception below	904mm	682mm	2013mm	1913mm
Turret Barrage The Bastion Defender The Urban George The Artisan Stanley Volley Blast Bulwark Battery Arsenal Fortress Charge Salvo	904mm	740mm (720mm if using a 35mm backset lock)	2013mm	1913mm
Ordnance	904mm	790mm (770mm if using a 35mm backset lock)	2013mm	1913mm
Garrison The Vanguard	904mm	765mm (745mm if using a 35mm backset lock)	2013mm	1913mm
The Lumina Albert Moderne Alexandra Moderne Victoria	904mm	740mm	2013mm	1913mm

Side Panels	350mm	327mm	2013mm	1913mm

For French Doors, the maximum combined door slab sizes using Winkhaus Fab locking system is 1820mm. Minimum combined slab size 1376mm. Sizes relative to all door slab designs. For Trafalgar doors supplied with a Dentil Shelf, the cylinder position will be no higher than 1350mm from the bottom of the door.

Care and Maintenance

To keep your door in great condition, there is minimal requirement for maintenance. Frequency may depend on surrounding conditions such as a coastal locations or nearby industrial activities.

The following steps should be used as guide:

- Door frames should be washed with warm soapy water, stubborn stains can be removed using specialist PVC-u cleaners and by following the manufacturers' guidelines.
- The door leaf should only be cleaned using warm water or non-aggressive composite door wipes. No solvent-based or abrasive products should be used at any time.
- Glass surfaces should be cleaned with warm soapy water and or a proprietary glass cleaner.
- Hardware can be wiped clean. No harsh chemicals or abrasives should be used as this will damage any protective coating.
- Moving parts should be lubricated with a light engineering oil.
- Maintenance of the door may be required to maintain any guarantees from the installer.

Certification.

Cannon Door products are manufactured as part of the BM Trada Q-Mark scheme allowing to us to have full manufacturing traceability.

Cannon Door operate certified management systems to ISO 9001 and ISO 14001 and are members of the ACDM (Association of Composite Door Manufacturers). All timbers used in the manufacturing of the Capstone door slab are subject to FSC® chain of custody ensuring they are from sustainable sources.

CANNON Door - Stainless Steel Door Handles

The Only Sold Secure Silver Accredited Door Handle.

...which means it's the strongest, most secure, BSI Kitemarked, TS007 2 Star Accredited security handle on the market.

The Highest Security.

Cannon door handles have been intelligently designed to be the strongest, most secure stainless steel door handle on the market... and they've been tested by the MLA to prove it.

Stainless Steel

Cast stainless steel in high quality, long lasting, corrosion resistant grade 304

Anti-grip Backplate Shoulders

Chamfered design provides mole-grip resistance

Anti-snap Cylinder Guard

Visibly raised within the backplate to protect the cylinder from attack

Anti-Drill Disc

The rotating disc shields the cylinder face from attack, preventing a drill bit from penetrating

Cast Steel Strength

Even stronger, cast steel backplate. Designed for inherent strength

High Tensile Steel Screws

Supplied as standard to suit door thickness from 44mm-70mm

2 Lever Options

Universal lever/lever & lever/pad options

Official Police Security Initiative

Secured by Design approved. Police preferred specification. The SBD logo is laser etched onto the external backplate to act as a visual deterrent.

BSI Kitemarked

2 Star Kitemark accredited. The Kitemark is laser etched onto the internal backplate for homeowner peace of mind

Extreme tested

Independently tested to BSEN 1906: Grade 4 including a 100kg lever pull test and 200,000 cycles under load, for extreme durability and corrosion resistance

CANNON Door - Stainless Steel Letterplate

High Quality Stainless Steel. Guaranteed To Last.

Cannon Door letterplate's sleek design features a matching stainless steel flap and frame, with concealed operating mechanism. It has been tested beyond the industry standard to 1000 hours salt spray for a long lasting finish.

Stainless Steel

High quality, long lasting, corrosion resistant grade 304

Weather Sealing

Through a combination of external foam and internal nylon brushes

Patented Design

Intelligent drainage channel prevents rainwater ingress

Finger Recesses

Both internally & externally, for easy open

Intelligent Opening

Clever frame design prevents abrasive action against the flap during operation. Concealed flap-operating mechanism opens to 180°

Telescopic Sleeves

Suitable for door thicknesses 24mm – 56mm

Sleeve Extender

One letterplate for all door sizes! Use our clever 'sleeve extender' for door thicknesses 61mm – 91mm

CANNON Door - ProSecure High Security Cylinders

Sold Secure Diamond Grade, The toughest security standard on the market.

ProSecure enhanced security cylinders are the most secure on the market, designed to withstand all common methods of attack. Manufactured from brass and hardened carbon steel, combined with intelligent security features to provide maximum security.

Unique sacrificial point

for snap secure protection

High strength carbon steel block

resists snapping, unplugging and protects the cam from manipulation

Unique registration code

laser etched onto the cylinder for key copy control

Tested and approved.

Tested by the Master Locksmith Association (MLA) to meet the stringent requirements of Sold Secure Diamond Grade, Police Preferred Specification – Secured by Design approved and British Standards Institute (BSI) 3 Star Kitemarked.

Intelligent Security.

If cylinder snapping is attempted, the snap secure sacrificial point sets an interlocking cam mechanism into action, preventing the cylinder being unlocked from the outside. The cylinder remains operable from the inside for the home owner, allowing them to unlock the door and exit the property.

Closed profile technology with dimple key security

Unique sacrificial point for snap secure protection

Steel security pins for anti-drill, anti-pick & anti-bump protection with 180,000 effective differs

Full range of sizes and variants including thumbturn

Restricted profile dimple keys and key copy protection
